## SUMMARY

Full Stack Web Developer with a focus on front end development. Enjoys practicing coding by making HTML5 games in spare time. Effective at problem solving and bringing creativity to any project. Established a reputation for being cooperative and ready to support teammates. Aspiring to make more games and learn more languages!

## TECHNICAL SKILLS

**Languages:** JavaScript, HTML5, CSS3, Python, Java, C++, PHP, Zoho Suite, Zoho Deluge Scripting

## PROJECTS

**Ecobourne** | <https://github.com/gardgeoff95/ecobourne> | <https://ecobourne.herokuapp.com/>

- Ecobourne is an interactive life cycle simulation. It is a two part app one being hosted on heroku while the other is an electron application
- Responsibilities included reactive design for the Heroku application using React.js. Also designing the entire chat application and helped with Firebase connectivity between the two applications.
- HTML5, CSS3, React.js, Socket.io, Firebase, JavaScript

**RPG** | <https://github.com/aznchronos/Project-2> | <https://alpha-project-2.herokuapp.com/>

- RPG is a basic dungeon crawling game made using HTML Canvas. It offers account creation backed with a MySQL database that will keep track of your score.
- Duties included animating all the sprites using HTML5 Canvas as well as making the battle logic
- HTML5, HTML Canvas, JavaScript, JQuery

**GamingNews** | <https://github.com/jbarton10/ScreenScraperThing> | <https://blooming-refuge-37745.herokuapp.com/>

- Gaming News is an application that Scrapes pcgamer.com for the newest gaming news stories on their front page. It uses MongoDB for storage.
- Everything on this project
- HTML5, CSS3, JavaScript, JQuery, MongoDB, Express, Axios, Cheerio

## EXPERIENCE

**Junior Developer  
Catalyst Connect**

December 2019 – March 2020

Responsibilities include writing custom functions in Zoho Deluge, along with helping in the creation of PHP based web applications backed in MySQL. Worked on integrating the Zoho API with different API's for many customers.

**Expo/ Food Runner  
Fini's Landing**

April 2019 – December 2019

Tucson, AZ

Responsibilities include organizing food orders, quality assurance and communication between both the cooks as well as the servers to make sure food goes out in a timely manner. Successfully grew communication skills when in a stressful environment. *Key Accomplishments:*

**EDUCATION**

**Bootcamp Certificate:** [University of Arizona, Tucson, Arizona](#)

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.
